

Truman Noyce Scholars Statement of Commitment

With my signature below, I declare my interest and make my application to become a Truman Noyce Scholar. I declare my intent to complete a bachelor's degree in Biology, Chemistry, Mathematics, or Physics at Truman State University, and to complete a Master of Arts in Education degree at Truman State University. I understand that the Truman Noyce Scholarship is a loan forgivable upon completion of the Noyce service commitment, which requires two years of teaching in a high need school district for each year of support received. Should I be admitted but fail to complete the Noyce Program or fail to stay employed in a high need district following graduation, I agree to repay the support received through this program (prorated to reflect partial completion of the service requirement if applicable). Further, I agree to provide Truman State University with up-to-date contact information and annual certification of employment until my service period has expired.
